It is comparatively easy to build a range that will make a lot of heat, but it regulies the exact science of Pandora range building to produce a range that will use all the heat in the coal without

A common range may burn twice the coal that
a Pandora will, and yet do only half the work.

## SOME REASONS FOR BUY ING FURS NOW AT FORD

Our Collection of Practical, Sensible and Reliable Furs is Better Than Ever land the Prices Lower.

"The adjoining article on "Fraud in Furs" is from the exitional page of the Lindsay Fost of February 2018, 1952. This is just the kind of advertising we like for eer principles and methods of Furselling. Our policy has always been to tell our customers what they are buying, and just what to expect from the various qualities.

In buying Fore nowadays it's wise to go to a reliabl store and not buy from pedlars at your door who do not know themselves what they are offering you, nor do they care for they are here to-day and gone to-morrow.

Now, if you don't know Ford's ass story operan rely on the sooner you begin to know us the farther your dollars will go, and there is a lasting genrantee that goes with every sale we make.

Turn on the searchlight of investigation on our cast prices, they will stand comparison with equal quality and show a substantial saving.

Our syadicate buyers went te Montreal last spring and our combined Fur order amounted to over \$20,000. This makes lower prices possible, and we are offering early season buying inducements. We want you to become thoroughly acquainted with the advantages of buying your

Good Bread should please the Eye as well as the Palate.

Why does the dainty housewife delight in snowy napery, glittering cut-glass, businshed silver, delicate china and all other table allurements dear to feminine hearts?

And what man does not appreciate table beauty?

It is not that we appreciate the appearance of our food almost as much as the taste of it? Bread may be ever so wholesome, well-flavored and made of scientifically milled flour, but with all these qualities we want it to look dainty, appetising, snowy-white, with nut-brown crust, and be firm and silky in texture. Royal Household Flour makes just that

kind of bread.

The electrical purification and sterilization of Royal Household Flour makes it yield not only absolutely pare bread, but bread of snowy whiteness and beautiful texture—bread that will grace the prettiest table or give beauty to the humblest meal served on the plainest dishes.

You can prove this by trying a 25 lb. bag-you must have flour, why not have the

# THANKSGIVING PREPARATION AT THE BIG STORE

The spirit of contentment runs through the Store. Trade has been good and times prosperous. We share in the enthusiasm of CANADA'S SEOWING TIME with more to be thankful for this year than ever before. Our specess is more than a more happen-so, and with the store constantly growing in favor we can afford to be more and more liberal in goods, and We are abundantly ready with everything you can prices and service.

possibly need for Thanksgiving. That touches things to wear more particularly, since everybody will want to appear at their best. Every member of the family has been considered in the Collection of Thanksgiving Stocks, and you can't go amiss of attractive things and unmatched things whichever way you torn.

We put our enthusiasm into Special Values and reciprocate your goodwill with such buying chances as these:

#### Thanksgiving Costumes

The memory of the oldest salesman recalls no time when Ladies' Costumes were as good, as stylish and as cheap as now. We count no attraction of the store superior to our tailor-made attraction we are able to offer

16 Ladies' Suits, in blacks, navys and light tweeds, some silk-lined, made with short coats in sizes 32, 34 and 36, not the latest style but made to sell at from 19.00 to 20.00, a 6.99 genuine bargain while they last .....

#### Thanksgiving Skirts

The combination of silk waists and tailored skirts has made serious inroads into the dressmaking business, and given well-made skirts the prominence they deserve. In addition to the regular stock we are in possession of a special line at just about half-price that will interest 75 ladies who get here quick. No more at the price when these are gone:

75 ladies skirts' made of black, navy and fancy tweeds, and intended to retail at 4.50 to 6.50, a special Thanksgiving bargain 299

Decidedly the best showing of Ladies' Shirt Waists we have had in quite awhile. It is difficult to argue about the goodness of the stock The styles are better than argument, and the prices speak for themselves.

Come and see what we call special in FINE LUSTRE WAISTS FINE SILK WAISTS FINE SATEEN WAISTS

including an extra special value in Japanese Silk at 2.50—choice of brown, navy, cream and black. If you want a new waist to go with that skirt this is your chance.

#### Thanksgiving Coats

Two very special lines in ladies' and misses' fine tailored Jackets-not the latest styles, but selling for less than the cost of the making. Come and see these and then keep from buying if you can.

An Ad'v't in The Post Pays-People Read Them

We're not so small but we can buy to advantase in any market, and we're not so big but we can devote personal attention to every detail of the business,

One thing-qualities here are perfectly reliable. There are plenty of stores filled to the doors with interior goods that mean disappointment to Buyers.

# NOW FOR THE RUSH

Trade has been more than good all week in anticipation of Thanksgiving, but the season generally is backward and has been all over. On account of this we are able to buy new and and worthy goods to exceptional advantage, and with the weather growing colder we are sure of big business. With this in mind we have planned money-saving chances, in all the stocks so as to bring you twice as many

and twice as often. In other words, we intend to double the sales so as to make up for lost time.

With the whole market before us it is with good goods only that we treat-goods that would lead at normal prices. We wish to be called generous, but we labor most to be trustworthy. Here are sixteen good reasons why you should spend your money here.
